

## Dear Christabel

I thought I would come to your house and talk to you, but I was afraid you might shut the door on my face after what happened, so I've decided to write you a letter.

I can't express how much I regret my actions. You are the best thing that's ever happened to me, yet I had to do some kind of expensive joke with you.

I tried calling you, but you never answered. I texted you, but you never replied. So, I'm doing it the old-school way and writing this letter to you. I am sorry for everything I did that day. I know I make mistakes, and sometimes, the same mistakes repeatedly. And you have every right to hate me. **Please know that you mean the world to me, and without you, my life feels empty.**

I know I've hurt you. I'm sorry from the bottom of my heart. I shouldn't have done what I did. **I want you to know that I love you and will do anything for you to forgive me.**

**And I know that you love me too. You may be angry with me now, but I know that when the anger subsides, you will miss me. I know you're angry right now, but when the anger subsides, I hope you'll remember the deep love we share.**
